About Your Donations, Where & How They are used

Get in Motion Entrepreneurs is a Nonprofit organization whose purpose is to create a new generation of Latino Leaders to create sustainable communities. We educate and provide business tools and resources for the development of entrepreneurs and small business owners in the greater Coachella Valley region and Riverside County. With years of experience in education and outreach particularly with the Latino community, we work with highly underserved small business populations in the language of their preference: Español.

At the end, we are not looking to create millionaires. We are looking to create a new generation of Latino Business Owners that creates sustainable communities.

Our Entrepreneurship Model

Our program has encompassed four areas of entrepreneurship:

Access to Capital

Starting a Small Business

Online Technology

Networking

Entrepreneurship vs Poverty

Our Programs

Seminars and Webinars

Entrepreneurs love to attend live and online business seminars in spanish.

Our live events can attract up to 300 people to our expos and business talks.

Our webinars are always accessible online and can be reached from all over the world with our website and youtube channel.

Podcast

Since COVID-19 hit our lives, we have been adapting day by day to make sure we deliver business education to entrepreneurs and business owners.

Online streaming has been a great way to keep in touch with entrepreneurs looking for spanish material. Or weekly episodes are reaching latinos all over the world.

Technical Assistance

Latino Entrepreneurs can take advantage of our free business coaching sessions. It is not easy for Latino business owners to ask for help. It has been a challenge and a barrier for them.

With coaching we can help and understand better their needs. Business Coaching offers business owners a safe and comfortable space to talk about their business challenges.

Real Testimonials

TESTIMONIALS

"It was scary at first getting a website not understanding how they work and the importance of owning one, but little by little attending the seminar and learning I've been making progress and have started getting phone calls from to it."

- America Lopez, CEO of Clean LLC

Clean LLC

America Lopez is a true warrior. With humble beginnings she thrives every day to succeed in business.

TESTIMONIALS

"We went from not knowing if we had something to do the next day to having worked lined up for the next three months. Resources available like Get in Motion can help guide you step by step on what you need, where you need to go to get your license, your insurance, how to advertise, who to target, when to target. We've been doing this for 3 years, and it is still good to go to the events and learn."
